Dear Benefactor,

Thank you for your generous donation
Warm greetings from Kenya. May the Lord, in this October, dedicated by the Church to the Missions, give you much joy for all the good you do for and with Don Bosco Missions.

“The devil is afraid of cheerful people.” (Don Bosco)

Is it still possible to have joy in our hearts, while we are going through such a difficult time for the entire world?

Unfortunately, so much suffering and violence surrounds us, but it is also true that is so great the good, that we are able to see.

With your help, Don Bosco is now opening, in Kenya, another center for street children, a technical vocational school for poor youth, and a new novitiate, since the one built a few years ago in Tanzania is no longer sufficient. In August, in fact, 50 young people from Tanzania, Kenya, and Sudan, in love with Jesus and Don Bosco, will enter the novitiate.

This is the beginning of a new evangelization that will spread from Africa to the entire world. It is a continuous Missionary October! Jesus will never know boundaries. There will always be those who find in Jesus the joy of life and will feel the desire to make Him known to all.

With affection and gratitude, Happy Missionary October.
Fr. Felice
