Dear Benefactors,

Thank you for your recent donations.

Thank you for the great love you have for the poor and those who are considered the outcasts of society. Jesus is hidden in them.

"There is no better dish than a good welcome." (Don Bosco)

The photo refers to millions of families who run away from their countries with children by the hand and the few things they can carry on their backs without any certainty for the future, not even the immediate one. If I think of these children and their poor mothers, I can only cry. And they seem to cry to our consciences: "My child knows nothing but life on the run." There are millions of them and they are the shame of our society. The Lord gave us the world for the good of everyone: how can we call ours, what has been given to us to be shared with our sisters and brothers?

This year, Don Bosco celebrates 25 years of presence in the refugee camp in northern Kenya, Kakuma. So much work and so much suffering experienced with over 300,000 young refugees. Don Bosco loves them so much. Let us come together to love them too and open our hearts to each of them, even in our Country. When there is a heart, there is room for everyone. It is only when there is no heart that we die within our selfishness. Thank you because I know that you have this big heart of Don Bosco and for this reason you help us so much.

With great affection and gratitude,   fr. felice
