Dear Benefactor,

Thank you for your generous donation.

In the month dedicated to Our Lady, we ask that she may repay your generosity towards our children most in need.

"The problem of abandoned young people in danger was increasingly attracting my attention". (Don Bosco)

They were on the streets, all together, as great friends, suffering cold, hunger, and the effects of the terrible "jet fuel" that, when inhaled, burns your brain. Two young Salesians, along with some Salesian Cooperators, have been meeting them, with about thirty others, every

Sunday, for over two years, in a designated place in the city, where these young people could gather without being chased away or beaten. There they play, have lunch, offered by the Cooperators themselves, discuss their problems, which are often very serious, and even receive the offer to leave the streets for the DON BOSCO center, created especially for them, so that they can receive education in study and work. Not all accept immediately, but four of these young people, for this time, said yes. Tomorrow they will meet at Don Bosco and a new life will begin for them. This is how Don Bosco works among young people. First let's become friends, and when you're convinced that I love you, I'll make the offer. If you want, Don Bosco will help you "become an honest citizen and a good Christian." With Don Bosco, Our Lady takes them by the hand, and many good people, like you, will be, for them, the compassionate heart of God.

Thank you with all my heart, and may Our Lady protect you.

With great affection,

Fr. Felice
